

OUTCOME RATES

The outcome rate information below corresponds to those who were scheduled to graduate in 2019 and is required by our Accrediting Agency. The information is broken down into combined main campus and branch campuses, by individual campus with all programs together, and then by campus with each individual program. Individuals who did not get their license, by the date of the Annual Report, are still considered eligible for placement. However, our state requires licensure before you can work as a cosmetologist, esthetician, or Instructor. Check out the graduation rates for Associate and Bachelor Degree institutions in South Carolina who are not required to maintain outcome rates:
